Módulo 1 — Currículo e LinkedIn em Inglês Otimizados para ATS

1.1 Por que seu currículo é rejeitado antes de um humano ler

Mais de 75% das empresas médias/grandes usam ATS (Applicant Tracking System) para filtrar currículos por palavras-chave antes de um recrutador ver. Regras práticas:

- Use o **título exato da vaga** em algum lugar do currículo (ex: se a vaga é "Backend Developer", não escreva só "Programmer").
 - Evite tabelas, colunas múltiplas e caixas de texto — muitos ATS não leem corretamente.
 - Salve como .pdf (a menos que a vaga peça .docx).
 - Repita as palavras-chave da vaga (ferramentas, certificações, metodologias) de forma natural no corpo do texto.
-

1.3 Banco de Verbos de Ação Fortes (por categoria)

Liderança	Resultado/Crescimento	Resolução de Problema	Comunicação
Led	Increased	Resolved	Presented
Managed	Reduced	Diagnosed	Negotiated
Coordinated	Improved	Streamlined	Collaborated
Mentored	Scaled	Troubleshoot	Facilitated

Nunca use: "Responsible for", "Worked on", "Helped with" — são passivos e não mostram resultado.

1.4 Checklist Final do Currículo

- Cada bullet point começa com verbo de ação, não com "I" ou "Responsible for"
- Pelo menos 60% dos bullets têm um número (% , tempo, valor, quantidade)
- Título da vaga-alvo aparece no resumo profissional
- Sem erros de gramática (revisar com Grammarly ou similar)
- 1 página se júnior/pleno, no máximo 2 se sênior/especialista

1.5 Template de LinkedIn (Headline + About)

Headline (não repita apenas o cargo — mostre valor):

"Backend Developer | Scaling Systems for High-Growth Startups | Node.js, AWS, PostgreSQL"

About (seção "Sobre"):

I help [tipo de empresa/objetivo] achieve [resultado principal] through [sua especialidade].

Over the past [X] years, I've [principal conquista de carreira, com número]. My focus areas include [área 1], [área 2] and [área 3].

Currently at [empresa], I [o que faz hoje].

Open to opportunities in [tipo de vaga/mercado-alvo]. Let's connect if you're working on [tema de interesse].

1.6 Erros mais comuns de brasileiros no LinkedIn em inglês

1. Traduzir cargo ao pé da letra (ex: "Analista" ≠ "Analyst" sempre — confira o termo usado no mercado-alvo).
2. Headline vazia ou só com o nome da empresa.
3. Foto de perfil informal ou de corpo inteiro.
4. Seção "About" em terceira pessoa ("He is a...") — use sempre primeira pessoa.
5. Nenhuma recomendação/skill endossada em inglês.

Módulo 2 — Banco de Perguntas por Área

Cada área tem 12 perguntas técnicas/comportamentais específicas + resposta modelo (framework STAR: Situation, Task, Action, Result).

Framework STAR (use em toda pergunta comportamental)

- **Situation:** contexto breve
 - **Task:** qual era seu objetivo/desafio
 - **Action:** o que você fez (foco aqui, é a parte mais longa)
 - **Result:** resultado mensurável

Como adaptar para outras áreas

1. Pegue as 3 perguntas comportamentais genéricas do Kit Grátis (perguntas 7, 9, 10).
2. Substitua o contexto pelo cenário típico da sua área.
3. Sempre estruture a resposta em STAR, terminando com um número/resultado.

Módulo 3 — Simulações de Entrevista (Mock Interview) com Roteiro de Autoavaliação

No produto entregue via vídeo/áudio, cada simulação abaixo virá uma gravação onde o aluno ouve a pergunta, tem um tempo para responder em voz alta (pausa), e depois ouve a resposta modelo + dicas de pronúncia/postura.

Simulação 1 — Entrevista de Triagem com RH (15 min)

Roteiro (ordem exata de perguntas):

1. "Hi, thanks for joining. Can you start by telling me a bit about yourself?"
2. "What interests you about this role specifically?"
3. "Can you walk me through your current responsibilities?"
4. "What are you looking for in your next opportunity?"
5. "What are your salary expectations?"
6. "Do you have any questions for me?"

Ficha de autoavaliação (aluno preenche após gravar-se):

- ■ Respondi em menos de 90 segundos por pergunta (evitar resposta longa demais)
 - ■ Usei pelo menos 1 número/resultado concreto
 - ■ Não usei muletas ("like", "um", "you know") mais de 3x por resposta
 - ■ Fiz pelo menos 1 pergunta de volta no final
-

Simulação 2 — Entrevista Técnica com Gestor da Área (20 min)

Roteiro:

1. "Tell me about a challenging project you worked on recently."

5. "How do you prioritize when you have multiple deadlines?"
6. "Do you have any questions about the team or the role?"

Dica de pronúncia incluída no áudio: foco em "th" (think, through), "-ed" final (worked /w█rkt/, prioritized /pra█rta█zd/) e entonação ascendente em perguntas.

Simulação 3 — Entrevista Final / Cultural Fit com Liderança (20 min)

Roteiro:

1. "Why do you want to work here specifically, and not somewhere else?"
 2. "How do you handle disagreement with a manager or leadership decision?"

 4. "What kind of work environment brings out your best performance?"
 5. "Is there anything that would stop you from accepting an offer today?"
 6. "What questions do you have for me before we wrap up?"
-

Simulação 4 — Situação de Pressão / Pegadinha

Perguntas desafiadoras com resposta modelo de como neutralizar sem se desestabilizar:

"Why should we hire you over other candidates with more experience?"

Modelo: "I understand there may be candidates with more years of experience, but what I bring is [diferencial concreto: rapid learning curve, direct results, cross-functional background]. In my last role, I [exemplo], which shows I can deliver value quickly."

"I noticed a gap in your resume. Can you explain?"

Modelo: "During that period, I [motivo real e objetivo: studied for a certification, took care of a family matter, worked on a personal project]. I used the time productively and I'm fully ready to commit now."

"This role requires strong English communication — are you comfortable with that?"

Modelo: "Yes, I've been actively working on my English for professional contexts, and I'm comfortable communicating in meetings, writing emails, and presenting — as you can see in this conversation."

Guia de Feedback (para uso do mentor/comunidade)

Ao revisar a gravação de um aluno, avaliar em 4 eixos (nota 1–5):

1. **Clareza** (a resposta faz sentido de primeira?)
2. **Estrutura** (seguir STAR quando aplicável?)
3. **Confiança** (tom de voz, pausas, hesitação)
4. **Pronúncia** (inteligibilidade, não precisa ser "sotaque nativo")

Módulo 5 — Negociação Salarial em Inglês (Scripts Prontos)

Regra de ouro

Nunca dê o primeiro número se puder evitar — jogue a pergunta de volta primeiro.

Quando perguntarem sua pretensão logo na triagem:

"Could you share the budgeted range for this role? That would help me give you a more accurate answer based on the full scope of responsibilities."

Se insistirem para você dar um número:

"Based on my research and experience level, I'd expect something in the range of [X to Y], but I'm flexible depending on the full package — benefits, growth path, and role scope."

Quando você recebe uma proposta abaixo do esperado

"Thank you for the offer, I'm really excited about the opportunity. That said, based on my experience and the market range for this role, I was expecting something closer to [valor]. Is there flexibility on the base salary?"

Quando a empresa diz que não há flexibilidade no salário-base

"I understand budget constraints. In that case, could we explore other parts of the package — a signing bonus, additional PTO, remote flexibility, or a compensation review at 6 months?"

Negociando com múltiplas propostas (alavancagem)

"I want to be transparent — I'm currently in the final stages with another company. This role is my top choice, but the other offer is at [valor/benefício]. Is there room to make this offer more competitive?"

Aceitando a proposta

"Thank you, I'm happy to accept the offer at [valor combinado]. Could you send the formal offer letter so I can review the final details?"

Erros comuns a evitar

1. Aceitar no mesmo minuto sem pedir tempo para revisar ("Can I have 24-48 hours to review the offer?").
2. Focar só no salário-base e ignorar bônus, equity, benefícios, PTO.

3. Justificar o pedido só por "necessidade pessoal" — sempre ancorar em mercado/experiência/resultados.
 4. Ser agressivo demais — o tom é sempre colaborativo, nunca de confronto.
-

Frases de transição úteis durante toda a negociação

- "I appreciate the offer and I'm very interested in moving forward."
- "I just want to make sure we're aligned before I accept."
- "Is there any flexibility here?"
- "What would it take to get to [valor]?"

Bônus / Order Bump — Cola de Emergência (imprimir ou PDF de 1 página)

Formato final: cartão único (A5 ou cartão de visita grande), para revisar 5 minutos antes da entrevista.

Frente do cartão

Abertura: "I'm a [cargo] with [X] years of experience in [área]."

Ponto forte: "One of my key strengths is [força], for example [exemplo curto]."

Por que essa vaga: "I'm excited about this role because [motivo]."

Por que eu: "I bring [diferencial] and a track record of [resultado]."

Verso do cartão

Se travar: "That's a great question, let me think for a second." (*pausa é normal e aceitável em inglês*)

Pergunta pronta para o final: "What does success look like in this role in the first 6 months?"

Pretensão salarial: "Based on my research, I'd expect something in the range of [X–Y], but I'm flexible depending on the full package."

Respiração/postura: 3 respirações profundas antes de entrar na chamada/sala. Ombros para trás, sorriso leve — muda o tom de voz automaticamente.
